University of Applied Sciences – Austria

Studyguide

Studies of your dreams?

The right study programme for everyone at FHWN!

Studying #makessense

The basis for a great future with a degree programme!

Find out how FH Wiener Neustadt can support you & enable you to study at one of the top Universities of Applied Sciences in Austria!

First of all, we would like to introduce ourselves: the University of Applied Sciences Wiener Neustadt stands for innovative entrepreneurial spirit, personal support and applied research with a focus on practical relevance. That is why we are also one of the top educational locations in the country.

Currently, around 4,500 students are studying at our campuses in Wiener Neustadt, Wieselburg, Tulln and Vienna. More than 15,000 graduates have already successfully completed their studies and are now pursuing careers around the globe. The University of Applied Sciences Wiener Neustadt is not only internationally connected, but is also a regional anchor with its comprehensive and future-oriented education and research programme. Currently 44¹⁾ degree programmes are offered at our five

faculties of Business, Engineering, Health, Security and Sport. Our Bachelor's & Master's programmes are very popular due to the wide selection of studies, the high level of practical relevance and our numerous options for specialisation.

OUR NETWORK

- Campus 1 & City Campus Wiener Neustadt
- Campus Wieselburg & Francisco Josephinum Campus
- Biotech Campus Tulln
- Campus Rudolfinerhaus Vienna
- FOTEC (FHWN research company)
- Innovation Lab

Top infrastructure
Optimal conditions for
successful studies

During your studies

Mix of practice & research

In addition to the high practical relevance, the FH Wiener Neustadt places great value on applied research.

The numerous laboratories, functional and seminar rooms are equipped with up-to-date equipment, which optimally supports our students in their research and practical work.

From the Science Lab with focus group rooms to the Robotics Lab, from the Smart Energy Lab to the Biotechnology Lab and the Consumer Science Center – our laboratory infrastructure is optimally adapted to the different fields of study and offers everything a student's heart desires.

GOOD TO KNOW:

As the first University of Applied Sciences in Austria, FHWN has accumulated more than 25 years of experience.

After graduation

Top career prospects

Who is in demand on the job market? Clearly: graduates of the University of Applied Sciences Wiener Neustadt! Our education concept focuses on practice and consists of a combination of scientific know-how and numerous projects & internships. This opens up the best job prospects for students.

Through applied research students are already in constant exchange with renowned companies during their studies. This means that their professional network is already in place before graduation. Many company doors are wide open to our graduates at home and abroad.

Career Services

We offer support on the way to an internship, job or self-employment

Projects & Internships

Our students are prepared for professional life through practice-oriented teaching content. In addition, there are numerous projects & internships that are carried out with well-known companies. This allows students to get in touch with potential employers early on, build valuable networks and draw attention to themselves.

Our job fair mission: SUCCESS

At our job fair called mission: SUCCESS, major players from business and industry participate and meet our students directly. In addition to career entry or change, company partnerships for Bachelor & Master theses are also offered. Make new contacts, network XXL and advance your personal career – that's what students can expect from our job fair.

Online Job Exchange

In addition, our online job exchange on the intranet offers a tailor-made career portal for networking with the job market.

Excellence Programme

In our Excellence Programme, high potentials not only benefit from our modern infrastructure, excellent didactics and personal support – they also receive exclusive access to a top-level professional development & networking programme.

StartUp Center

For students who would like to start their own business with an innovative idea, we have created the StartUp Centers at the City Campus Wiener Neustadt and Campus Wieselburg. There, the founders of tomorrow are supported in realising their dream of their own company.

Language courses & experience abroad

FHWN also promotes further career boosters such as language courses or experience abroad.

insights

Student advisory service

Talk 2 us: Questions? Answers!

A study programme sounds interesting, but are there still unanswered questions? Just a few clicks to a personal interview with one of our students!

Do you have questions about a particular degree programme? Your visit to the Open House or an information event didn't suffice? Online research didn't provide the answers you were looking for? No problem! The people organizing the online chat (and some Info sessions) are students who share first-hand information and experiences and thus provide authentic insights into their studies. Simply use the chat function on our website.
